

Abilitations DoorBuddy

Written by Cecilia Cruse, MS, OTR/L

Introduction

Introducing the Abilitations DoorBuddy...the door hanger that does a whole lot more than just hang around! The DoorBuddy doubles as a simple lightweight communication board that can be customized to fit any individual needs. Use it on a doorknob or a hook to provide instant accessible communication symbols, words or pictures. You can supply your own communication cards or use one of our sets. Either way, you'll have an easy, no frills way of providing picture or word symbols for those children who depend on a visual cue to help them through transitions, job tasks, and school or home assignments.

Product Use

The DoorBuddy measures 4.5" x 17.5" (11cm x 44cm) and holds up to twelve 2" x 2" (5cm x 5cm) cards. You can make your own symbols or cards for the DoorBuddy, or select from our line of communication cards (not included, order separately). Each of our sets have 17 cards that can be attached to the DoorBuddy.

- At Home Cards
- At School Cards
- Feelings Cards
- Action Cards

Boardmaker™ or Pics for PECs™ symbols will also work if printed to the specifications of the DoorBuddy.

Here are some great ideas for using your DoorBuddy:

- Carry along during transitions (in the car, on the bus, at school etc.) to help communicate feelings, actions or other vital information.
- Use as a visual tool to help with task sequencing
- Use as task list or chore reminder. The child can remove the card when he has completed the task or chore.
- Use as a visual reminder for everyday people or objects that the child will encounter by using real photos of teacher, parents, family pet, etc.

Modifications:

- Use in a hospital or other facility for basic communication needs when a patient is non-verbal.

Care & Safety

The DoorBuddy is made of a light polyethylene plastic. Hook tape is adhered to the base of the DoorBuddy, so use a small amount of loop tape to adhere picture symbols on to the DoorBuddy surface. Pull to remove. Wipe the DoorBuddy clean with damp cloth or germicidal wipe.
